

Unit 1 Chapter 1 Lesson 3 Review

Name: _____

Date: _____

1. Look at the area that is included in the **canopy layer**.

2. Think about what you have learned about the canopy layer. Imagine you have been asked to give a talk about life in the canopy layer. What kinds of things would you want people to know?

Now color it.

3. In order to study the canopy layer, scientists have to build special walkways. Why do you think this is necessary?
